progesterone withdrawal during (Csapo et al.), 1032 (Current investigation)  
induced, cervical pregnancy as possible sequela of (Shinagawa and Nagayama), 282 (Comm. in brief)  
law, changing aspects of (Ingram), 35  
therapeutic, in California (Russell and Jackson), 757  
Aburel's procedure (Futoran, Lowenstein, and Peacock), 191  
Acid, D-glucaric, urinary (Fahim, Hall, and Fahim), 127 (Current investigation)  
amino free in amniotic fluid during pregnancy in rhesus monkey (Kerr and Kennan), 363  
of normal and abnormal placenta (Pearse and Sornson), 696  
Acidosis, fetal, urinary estriol excretion and, in high-risk pregnancies, correlation between (Fliegner et al.), 252  
metabolic, fetal, effect of, upon oxygen environment (Hellegers et al.), 786  
Adenocarcinoma of endometrium associated with Stein-Leventhal syndrome (Parham), 113  
misdiagnosis of, in young women with polycystic ovarian disease (Grattarola), 498  
-like lesion of cervix—"pill-induced" problem? (Talbert and Sherry), 117  
of umbilicus secondary to Fallopian tube carcinoma (Courturier and Neale), 32  
Adenosine 3',5' monophosphate as inhibitor of ovulation and reproduction (Ryan and Coronel), 121 (Current investigation)  
Adhesions, uterine (Asherman's syndrome), treatment of (Comninios and Zourlas), 862  
Agenesis, vaginal, surgical correction of (Page and Owsley), 774  
Alkaline and acid phosphatase activity, uterine, in rhesus monkey treated with synthetic estrogen (Manning, Tornaben, and Schwartz), 412  
Amebiasis of female genital tract (Gogoi), 1281 (Comm. in brief)  
Amenorrhea-galactorrhea, postpartum, of hypothyroidism (Kinch, Plunkett, and Devlin), 766  
American Gynecological Society, Transactions of ninety-second annual meeting, 651-807  
Amino acids, free, of amniotic fluid during pregnancy of rhesus monkey (Kerr and Kennan), 363  
of normal and abnormal human placenta (Pearse and Sornson), 696  
in pregnant uterus (Lorincz and Kuttner), 925  
Amniotic fluid analysis, fetal maturity and (Parmely and Miller), 354  
free amino acids in, during pregnancy in rhesus monkey (Kerr and Kennan), 363  
lactic dehydrogenase in Rh-sensitized pregnancy (Torriinha and Leite), 248  
maternal and fetal blood and, disposition of barbiturates in (Carrier et al.), 1069  
myometrium, placenta, and plasminogen activator and

### Amniotic fluid—Cont'd

- urokinase inhibitor in (Uszyński and Uszyński-Folejewska), 1041  
phospholipid patterns in normal and abnormal pregnancies (Nelson), 1072  
Rh-D antibody titer in (Usategui-Gomez, Stearns, and Toolan), 1238  
membranes, premature rupture of, fetal leukocyte pattern in, and in normal and abnormal labor (Dorros, Kleiner, Romney), 1269  
Anastomosis, ileotubal, experimental, in sow (Wingate and Wingate), 1176  
Anesthesia, paracervical, during labor, Marcaine for (Hoeckgard), 278 (Comm. in brief)  
Aneurysms, dissecting, effect of pregnancy on human aorta and relationship to (Cavanzo and Taylor), 567  
Anorexia nervosa, menstruation and fertility in (Starkey and Lee), 374  
Antibiotics, prophylactic, in vaginal hysterectomy (Goosenberg, Emich, and Schwarz), 503  
Antibody production, effect of human chorionic gonadotropin on (Younger, St. Pierre, and Zmijewski), 9  
titer, Rh-D, in amniotic fluid (Usategui-Gomez, Stearns, and Toolan), 1238  
Antidiuretic activities under neurohypophyseal inhibition with alcohol and water overload (Cobo and Quintero), 877  
Antigenicity of papillary serous cystadenocarcinoma tissue homogenate and fractions (Levi, Keller, and Mandl), 856  
Aorta, human, effect of pregnancy on, and relationship to dissecting aneurysms (Cavanzo and Taylor), 567  
Apgar score, fetal scalp blood measurements, classification of fetal heart rate in relation to (Wood et al.), 942  
Arterial pressure at term, maternal, trophoblast hyperplasia and (Alvarez et al.), 1015  
Arteriography, pelvic, in malignant trophoblastic neoplasia (Kolsad and Liverud), 175  
Artificial abortion at midpregnancy by mechanical stimulation of uterus (Manabe), 132 (Current developments)  
Asherman's syndrome, treatment of (Comninios and Zourlas), 862  
Autonomic control of fetal heart rate (Renou, Newman, and Wood), 949  
Autotransfusions of previously frozen blood in elective gynecologic surgery (Daane, Valeri, and Barton), 394

### B

- Bacteriuria, puerperal, catheterization, delivery, and (McFadyen and Hicks), 916  
Barbiturates, disposition of, in maternal blood, fetal blood, and amniotic fluid (Carrier et al.), 1069  
Biochemistry, fetal, fetal heart rate and, observations on. I. Base deficit (Hon and Khazin), 721  
Biopsy, endometrial, inadvertently taken during conception cycle (Buxton and Olson), 702  
Birth defects, transmissible, of virologic origin in members of nursing profession, search for (Haldane et al.), 1032  
Bladder drainage, postoperative, suprapubic (Jackson), 59  
urinary, in dog fetus, activity of (Bernstine), 431 (Current investigation)

\*September 1, 1-148; September 15, 149-296; October 1, 297-488; October 15, 489-650; November 1, 651-848;  
November 15, 849-996; December 1, 997-1160; December 15, 1161-1314.

Bleeding, uterine, dysfunctional, current thoughts on (Pria, Audebert, and Greenblatt), 1185  
 Blood flow, uterine, importance of changes in, in initiation of labor (Brotánek, Hendricks, and Yoshida), 535  
 lactate levels in mother and fetus, some aspects of (Steele, Jackson, and Wolkoff), 569  
 maternal and fetal, and amniotic fluid, disposition of barbiturates in (Carrier et al.), 1069  
 previously frozen, autotransfusions of, in elective gynecologic surgery (Daane, Valeri, and Barton), 394  
 sampling, scalp, validity of (Stephens et al.), 616  
 Bone marrow depression in pelvis after megavoltage irradiation for ovarian cancer (Kjellgren and Jonson), 849  
 Book review, 294, 647, 994, 1290  
 Books received, 296, 649, 996, 1293  
 Bovine pineal gland extract, effect of, on polycystic ovarian disease in rats (Singh), 274 (Comm. in brief)  
 Breast cancer, lactic dehydrogenase isozyme index and (Reeves et al.), 183

## C

Cancer (*see also* carcinoma)  
 breast, lactic dehydrogenase isozyme index and (Reeves et al.), 183  
 cervical, enzyme content of vaginal fluid in, effect of radium treatment on (Goldberg, Watts, and Hart), 1192  
 invasive, results of treatment of (Tarłowska et al.), 869  
 stump (Mikuta), 490  
 ovarian, megavoltage irradiation for, bone marrow depression in pelvis after (Kjellgren and Jonson), 849  
 Cannula, fiber optic, for punculoscope (Clyman), 181 (Comm. in brief)  
 Capillary endothelial swelling, glomerular, in pregnant chimpanzee (Stout and Lemmon), 212  
 Capsule, subcutaneous, fertility control in women with progestogen released in microquantities from (Croxatto et al.), 1135 (Current investigation)  
 Silastic, long-term contraceptive steroid administration in humans by (Tatum et al.), 1139 (Current investigation)  
 Carcinoma (*see also* cancer)  
 of cervix, invasive, radical hysterectomy as primary therapy for, current role of (Averette, LaPlatney, and Little), 79  
 irradiation therapy for, prognostic significance of radiographic ureteropathy before and after (Waggner and Spratt), 1197  
 recurrent (Calame), 380  
 endometrial, estrogen metabolism in patients at high risk for (Hausknecht and Gusberg), 1161  
 in Norway 1957-1960 with special reference to treatment results (Nilsen and Koller), 1099  
 Fallopian tube, adenocarcinoma of umbilicus secondary to (Couturier and Neale), 32  
 preclinical, and dysplasia of cervix associated with pregnancy (Stromme), 1008  
 of uterine cervix, squamous cell, Stage IA (Foushee, Greis, and Lock), 46  
 and Trichomonas vaginalis infestations, association of (Berggren), 166  
 Catheterization, delivery, and puerperal bacteriuria (McFadyen and Hicks), 916  
 Cell collection, patient obtained, for cytologic examination of vaginal smears (Kiricuta and Munteanu), 286 (Comm. in brief)  
 trait, sickle, lack of influence of, on fertility and successful pregnancy (Pearson and Vaughan), 203  
 Cephalopelvometry, x-ray, nomographic aid for, modified (Friedman and Taylor), 1110  
 Cervical cone, cryostat examination of (Wash and Davis), 105

Cervical—Cont'd  
 dysplasia, follow-up study of patients with (Richart and Barron), 386  
 pregnancy as possible sequela of induced abortion. Report of 19 cases (Shinagawa and Nagayama), 282 (Comm. in brief)  
 stimulations, deciduoma test and, results of, in rats with polycystic ovarian disease (Singh), 275 (Comm. in brief)  
 stump cancer (Mikuta), 490  
 Cervix, adenocarcinoma-like lesion of—"pill-induced" problem? (Talbert and Sherry), 117  
 body and, stromal endometriosis of (Whitener), 33  
 carcinoma of, invasive, radical hysterectomy as primary therapy for, current role of (Averette, LaPlatney, and Little), 79  
 irradiation therapy for, prognostic significance of radiographic ureteropathy before and after (Waggner and Spratt), 1197  
 recurrent (Calame), 380  
 and Trichomonas vaginalis infestations, association of (Berggren), 166  
 squamous cell carcinoma of, Stage IA (Foushee, Greis, and Lock), 46  
 human, sebaceous metaplasia of (Ehrmann), 1284 (Comm. in brief)  
 Cesarean section, elective, fetal compromise during (Benson, Berendes, and Weiss), 579  
 perinatal mortality associated with (Kafka, Hibbard, and Spears), 589  
 Children, subsequent development of, correlation of estriol excretion patterns of pregnant women with (Greene et al.), 730  
 Chlorothiazide, effect of, on intravenous glucose tolerance in pregnancy (Goldman et al.), 552  
 Chromosome, X, gonadal hormones and, variations in (Lupovitch and Margulis), 269  
 Clinical investigation: guide to its evaluation (Hines and Goldzieher), 450 (Current developments)  
 Communications in brief, 274-288, 632-644, 986-993, 1279-1289  
 Conception cycle, endometrial biopsy inadvertently taken during (Buxton and Olson), 702  
 Cone, cervical, cryostat examination of (Wash and Davis), 105  
 Congenital cytomegalovirus infection (Hildebrandt and Monif), 349  
 Contraception, oral, progestogens for, in Indian women, evaluation of (Shah), 512  
 Contraceptive, intrauterine, adjunct to "T" device, metallic copper as (Zipper et al.), 1274 (Current investigation)  
 clinical significance of correlation between size of uterine cavity and (Tejuja and Malkani), 620 (Current investigation)  
 new, "M" (Silbermann, Stone, and Connell), 279 (Comm. in brief)  
 medications and headache (Diddle, Gardner, and Williamson), 507  
 oral, platelet adhesiveness and lipoprotein lipase activity in controls and subjects taking (Ham and Rose), 628 (Current investigation)  
 placebo, incidence of side effects with (Aznar-Ramos et al.), 1144 (Current opinion)  
 steroid administration in humans by subcutaneous Silastic capsules, long-term acceptability of (Tatum et al.), 1139 (Current investigation)  
 Contractility, uterine, cervical dilatation, and other factors during pregnancy, relationship between length of gestation and (Anderson and Turnbull), 1207  
 during altered vascular pressure in castrated monkey (Whiteside and Brame), 418  
 effect of meperidine on (DeVoe et al.), 1004  
 of sparteine sulfate on (DeVoe et al.), 304

- Copper levels, serum, as measure of placental function (O'Leary), 636 (Comm. in brief)  
in normal and pathologic pregnancies (Schenker, Jungreis, and Polshuk), 933  
metallic, an intrauterine contraceptive adjunct to "T" device (Zipper et al.), 1274 (Comm. in brief)  
and zinc, intrauterine, suppression of fertility by, in rabbits (Zipper, Medel, and Prager), 529
- Cord, weight of, in relation to clamping time, diameters of umbilical cord vessels and (Moinian, Meyer, and Lind), 604
- umbilical, accessory fourth vessel of (Meyer, Lind, and Moinian), 1063
- Correspondence, 289, 645-646
- Couvelaire uterus and placenta previa (Kalstone), 638
- Cryostat examination of cervical cone (Wash and Davis), 105
- Culture, organ, of human endometrium (Hughes et al.), 707
- Cystadenocarcinoma tissue homogenate, papillary serous, and its fractions, antigenicity of (Levi, Keller, and Mandl), 856
- Cystotomy, suprapubic, with polyethylene tube (Hale and McCrison), 1181
- Cytomegalovirus infection, congenital (Hildebrandt and Monif), 349
- Current developments, 132-146, 450-487, 813-847, 1150-1159  
investigation, 121-126, 427-433, 620-631, 1129-1143, 1274-  
1278  
opinion, 127-131, 450-487, 808-812, 1144-1149
- D**
- D-amphetamine, effect of, on menstruation (Stoffer et al.), 989 (Comm. in brief)
- Deciduoma test and cervical stimulation, results of, in rats with polycystic ovarian disease (Singh), 275 (Comm. in brief)
- Defects, birth, transmissible, virologic origin of, in members of nursing profession, search for (Haldane et al.), 1032
- Dehydroxyprogesterone-7a-<sup>3</sup>H, metabolism in vitro by human midterm fetal tissues (Archer et al.), 972
- Delivery, catheterization, and puerperal bacteriuria (McFadyen and Hicks), 916
- Development, infant and child, relationship of antenatal malnutrition (Osofsky), 1150 (Current developments)
- D-glucaric acid, urinary (Fahim, Hall, and Fahim), 127 (Current investigation)
- Diabetes, intrauterine fetal malnutrition and, in vitro estrogen biosynthesis from testosterone by homogenates of placentas from normal pregnancies and from pregnancies complicated by (Sybulski), 1055  
mothers with, neuropsychological deficits in children of (Churchill, Berendes, and Nemore), 257
- Dilatation, cervical, uterine contractility and other factors during pregnancy, relationship between length of gestation and (Anderson and Turnbull), 1207
- Disease, hyaline membrane, and intraventricular hemorrhage as cause of death in low birth weight infant, relationship between (Spears et al.), 1028  
pelvic inflammatory, acute, objectivized diagnosis of (Jacobson and Westrom), 1088
- Dissecting aneurysms, effect of pregnancy on human aorta and relationship to (Cavanzo and Taylor), 567
- Distention, chronic, influence of, on myometrial contractile protein (De Clue, Comfort, and King), 1082
- Diuretic administration, effect of, on urinary estriol levels in late pregnancy (Bird and Reeves), 552  
effects, oxytocic and, of nausea in women (Coutinho), 127 (Current opinion)
- Dysfunctional uterine bleeding, current thoughts on (Pria, Audebert, and Greenblatt), 1185
- Dysgenesis, gonadal, unilateral (Kosowicz et al.), 1116
- Dysplasia, cervical, follow-up study of patients with (Richart and Barron), 386  
preclinical carcinoma and, associated with pregnancy (Stromme), 1008
- E**
- Ectopic IUD, removal of, through laparotomy (Smith), 285 (Comm. in brief)
- Edematous state of pregnancy, furosemide in, advantages and disadvantages of (Finnerty), 1022
- Editorial, 489
- Education, undergraduate and graduate, in obstetrics-gynecology, integration of (Benson et al.), 748
- Electrical current for induction or augmentation of labor (Waltman and Hassimi), 220
- Embryonic abdominal musculature associated with anomalies of genitourinary and gastrointestinal systems (O'Kelly), 1283 (Comm. in brief)
- Endometrial adenocarcinoma, misdiagnosis of, in young women with polycystic ovarian disease (Gatotarola), 498  
biopsy inadvertently taken during conception cycle (Buxton and Olson), 702
- carcinoma, estrogen metabolism in patients at high risk for (Hausknecht and Gusberg), 1161
- Endometriosis, stromal, of uterine body and cervix (Whitener), 33
- Endometrium, adenocarcinoma of, associated with Stein-Leventhal syndrome (Parham), 113  
carcinoma of, in Norway 1957-1960 with special reference to treatment results (Nilsen and Koller), 1099  
human, organ culture of (Hughes et al.), 707
- Endothelial swelling, glomerular capillary, in pregnant chimpanzee (Stout and Lemmon), 212
- Enzyme content of vaginal fluid in cervical cancer, effect of radium treatment on (Goldberg, Watts, and Hart), 1192
- Erythrocyte metabolism in pregnancy complicated by idiopathic jaundice (Wojcicka, Roszkowski, and Leyko), 561
- Estradiol, effects of, upon thymus and lymphoid organs of immature female rats (Pereira Luz et al.), 525
- Estriol excretion patterns of pregnant women, correlation of, with subsequent development of children (Greene et al.), 730  
urinary, and fetal acidosis in high-risk pregnancies, correlation between (Fiegner et al.), 252
- levels, urinary, in late pregnancy, effect of diuretic administration on (Bird and Reeves), 552
- Estrogen biosynthesis, in vitro, from testosterone by homogenates of placentas from normal pregnancies and from pregnancies complicated by intrauterine fetal malnutrition and diabetes (Sybulski), 1055  
metabolism in patients at high risk for endometrial carcinoma. I. Urinary metabolites of H<sup>3</sup>-estradiol in normal postmenopausal women and those with endometrial carcinoma (Hausknecht and Gusberg), 1161  
synthetic, uterine alkaline phosphatase activity in rhesus monkey treated with (Manning, Tornaben, and Schwartz), 412
- Evacuation of uterus, vacuum, modification of—continuous saline flushing (Taylor), 986 (Comm. in brief)
- Excision, bilateral, of round ligaments, effect of, on position of uterus after labor (Mahran), 495
- F**
- Fallopian tube carcinoma, adenocarcinoma of umbilicus secondary to (Couturier and Neale), 32
- Family planning in India, tubal ligation as part of (Lippitt, Ranganathan, and Hulk), 434 (Current opinion)
- sociomedical studies on 60,000 applicants for (Ragab and Sammour), 156

- Fascia lata sling**, combined procedure with management of severe anatomic deficiencies of urethral function (Low), 149
- Fertility control** in women with progestogen released in microquantities from subcutaneous capsules (Croxatto et al.), 1135 (Current investigation) menstruation and, in anorexia nervosa (Starkey and Lee), 374 and successful pregnancies, lack of influence of sickle cell trait on (Pearson and Vaughan), 203 suppression of, by intrauterine copper and zinc in rabbits (Zipper, Medel, and Prager), 529
- Fetal compromise** during elective cesarean section. II. Report from Collaborative Project (Benson et al.), 579 heart sounds, detection of (Shelley), 597 rate, autonomic control of (Renou, Newman, and Wood), 949 classification of, in relation to fetal scalp blood measurements and Apgar score (Wood et al.), 942 and fetal biochemistry, observations on. I. Base deficit (Hon and Khazin), 721 -maternal transfusion, occult (Griffin), 993 maturity and amniotic fluid analysis (Parmely and Miller), 354 metabolic acidosis, effect of upon oxygen environment (Helleger et al.), 786 transfusions, intrauterine (Wade et al.), 962
- Fiber optic cannula** for panculoscope (Clyman), 281 (Comm. in brief)
- Fluid, amniotic**, analysis, fetal maturity and (Parmely and Miller), 354 free amino acids in, during pregnancy in rhesus monkey (Kerr and Kennan), 363 lactate dehydrogenase in Rh-sensitized pregnancy (Torriinha and Leite), 248
- Fluoroscopy**, image-intensified, hysterosalpingography with (Aaro and Stewart), 1124
- Folate deficiency**, maternal, and pregnancy wastage. I. Placental abruption (Whalley, Scott, and Pritchard), 670
- Fractions**, papillary serous cystadenocarcinoma tissue homogenates and, antigenicity of (Levi, Keller, and Mandl), 849
- Free amino acids** of normal and abnormal human placenta (Pearse and Sornson), 696 in pregnant uterus (Lorincz and Kuttner), 925
- FSH and LH measurements**, serum, in evaluation of menstrual disorders (Dignam, Parlow, and Daane), 679
- Furosemide** in edematous states of pregnancy, advantages and disadvantages (Finnerty), 1022
- G**
- Galactorrhea**, amenorrhea-, postpartum, of hypothyroidism (Kinch, Plunkett, and Devlin), 766
- Gastric fluid aspirate** in newborn, relationship of premature rupture of membranes to (Ramos and Stern), 1247
- Gastrointestinal systems**, genitourinary and, anomalies of embryonic abdominal musculature associated with (O'Kell), 1283 (Comm. in brief)
- Genital tract**, female, amebiasis of (Gogoi), 1281 (Comm. in brief)
- Genitourinary and gastrointestinal systems**, anomalies of embryonic musculature associated with (O'Kell), 1283 (Comm. in brief)
- Gestagens**, biochemical changes induced in human milk by (Abdel Kader et al.), 978
- Gestation**, length of, and cervical dilatation, uterine contractility and other factors during pregnancy, relationship between (Anderson and Turnbull), 1207
- Gland extract**, pineal, bovine, effect of, on polycystic ovarian disease in rats (Singh), 274 (Comm. in brief)
- Glomerular capillary endothelial swelling** in pregnant chimpanzee (Stout and Lemmon), 212
- Glucose** in human placenta, metabolic pathways of (Sakurai, Takagi, and Hosoya), 1044 tolerance, intravenous, in pregnancy, effect of chlorothiazides on (Goldman et al.), 552
- Glycoprotein** and other serum proteins of maternal serum (Horowitz), 216
- Gonadal dysgenesis**, unilateral (Kosowicz et al.), 1116 hormones and X chromosome, some variations in (Lupo, vitch and Margulis), 269
- Gonadoblastoma**, unilateral, in pregnant women (De Bacalso and Dominguez), 1279 (Comm. in brief)
- Gonadotropin**, human chorionic, effect of, on antibody production (Younger, St. Pierre, and Zmijewski), 9
- Grafting** of polycystic ovaries, autologous and homologous, some effects of (Singh), 276 (Comm. in brief)
- Gynecologic and obstetric patients**, acute pancreatitis in (Walker and Diddle), 206 surgery, elective, autotransfusions of previously frozen blood in (Daane, Valeri, and Barton), 394 postanesthetic suggestion of postoperative voiding in (Bartolacci), 444 (Current opinion)
- H**
- Headache**, oral contraceptive medications and (Diddle, Gardner, and Williamson), 507
- Heart rate**, fetal, autonomic control of (Renou, Newman, and Wood), 949 classification of, in relation to fetal scalp blood measurements and Apgar score (Wood et al.), 942 and fetal biochemistry, observations on. Base deficit (Hon and Khazin), 721 sounds, fetal, detection of (Shelley), 597 volume, maternal, and prematurity (Knapp, Shapiro, and Reading), 1252
- Hemodynamic evaluation** of patients with puerperal sepsis and shock (Romney et al.), 797
- Hemolytic disease**, Rh, in ABO-incompatible offspring (Cohen et al.), 232
- Hemorrhage**, intraventricular, as cause of death in low birth weight infants, hyaline membrane disease and, relationship between (Spears et al.), 1028
- Hidradenocarcinoma**: report of case (Householder), 987 (Comm. in brief)
- High-risk obstetrics**. I. Perinatal outcome in relation to broadened approach to obstetric care for patients at risk (Aubry and Nesbitt), 241
- Homogenates** of placentas from normal pregnancies and from pregnancies complicated by diabetes, in vitro estrogen biosynthesis from testosterone by (Sybulski), 1055 tissue, papillary serous cystadenocarcinoma, and its fractions, antigenicity of (Levi, Keller, and Mandl), 836
- Hormones**, gonadal, and X chromosome, variations in (Lupo, vitch and Margulis), 269 and liver (Song et al.), 813 (Current developments) pituitary growth, and placental lactogen levels measured in normal term pregnancy and at early postpartum periods (Spellacy and Buhi), 888
- Human chorionic gonadotropin**, effect of, on antibody production (Younger, St. Pierre, and Zmijewski), 9
- Hyaline membrane disease** and intraventricular hemorrhage as cause of death in low birth weight infants, relationship between (Spears et al.), 1028
- Hydrocortisone**, water-soluble and methylprednisolone, oxytocic and modulating effects of, upon *in vitro* contractions of myometrium (Mossman and Conrad), 897
- Hydrosalpinx**, human (David, Garcia, and Czernobilsky), 400
- Hyperplasia**, trophoblast, and maternal arterial pressure at term (Alvarez et al.), 1015

- Hyperreactio luteinalis: Postpartum persistence (Barclay, Leverich, and Kemmerly), 642 (Comm. in brief)  
Hypertension, non-toxic, in pregnancy in African indigene (Ojo and Akinkugbe), 938  
in pregnancy: toxemia or pheochromocytoma? (Hendee, Martin, and Waters), 64  
Hypertonic saline-induced abortions, effect of progesterone on (Ruttner), 547  
Hyperuricemia, uremia, and polyhydramnios, antepartum thrombophlebitis complicated by (Williams), 115  
Hypothyroidism, postpartum amenorrhea-galactorrhea of (Kinch, Plunkett, and Devlin), 766  
Hysterectomy, prolapse of vagina following treatment of (Richardson and Williams), 90  
radical, as primary therapy for invasive carcinoma of cervix, current role of (Averette, LaPlatney and Little), 79  
vaginal, prophylactic antibiotics in (Goosenberg, Emich, and Schwarz), 503  
and vaginectomy in retrospect (Johnson), 14  
Hysterosalpingography with image-intensified fluoroscopy (Aaro and Stewart), 1124

### I

- Ileotubal anastomosis, experimental, in sow (Wingate and Wingate), 1176  
Illegitimacy, pediatric, some aspects of (Kinch et al.), 20  
Immunologic pregnancy tests, effects of certain psychotropic drugs on (Ravel, Riekers, and Goldstein), 1222  
Indigent, maternity care of, in private practice (Johnson), 73  
Induced abortion, cervical pregnancy as possible sequela of (Shinagawa and Nagayama), 282 (Comm. in brief)  
Infants, low birth weight, intraventricular hemorrhage as cause of death in, hyaline membrane disease and, relationship between (Spear et al.), 1028  
Inhibitor of ovulation and reproduction, adenosine 3',5' monophosphate as (Ryan and Coronel), 121 (Current investigation)  
Intra-amniotic hypertonic saline injections, experience with (Aburel's procedure) (Futoran, Lowenstein, and Peacock), 191  
Intrauterine contraceptive adjunct to "T" device, metallic copper as (Zipper et al.), 1274 (Current investigation)  
copper and zinc, suppression of fertility by, in rabbits (Zipper, Medel, and Prager), 529  
fetal transfusions (Wade et al.), 962  
Invasive carcinoma of cervix, radical hysterectomy as primary therapy for, current role of (Averette, LaPlatney, and Little), 79  
results of treatment of (Tarłowska et al.), 869  
Irradiation, megavoltage, for ovarian cancer, bone marrow depression in pelvis after (Kjellgren and Jonsson), 849  
therapy for carcinoma of cervix uteri, prognostic significance of radiographic ureteropathy before and after (Waggoner and Spratt), 1197  
Isozyme index, lactic dehydrogenase, and breast cancer (Reeves et al.), 183  
Items, 147, 488, 650, 848, 1160  
IUCD (*see also* intrauterine contraceptive device)  
ectopic, removal of, through laparoscope (Smith), 285 (Comm. in brief)  
size of uterine cavity and, clinical significance of correlation between (Tejuja and Malkani), 620 (Current investigation)

### J

- Jaundice, idiopathic, erythrocyte metabolism in pregnancy complicated by (Wójcicka, Roszokowski, and Leyko), 561

### L

- Labor, induction or augmentation of, electrical current for (Waltman and Hassimi), 220  
importance of changes in uterine blood flow in (Brotnáek, Hendricks, and Yoshida), 535  
normal and abnormal, fetal leukocyte pattern in premature rupture of membranes and (Dorros, Kleiner, and Romney), 1269  
comparison of pentazocine and pethidine in (Duncan, Ginsburg, and Morris), 197  
oxygen administration during (Gare et al.), 954  
paracervical anesthesia during, Marcaine for (Hoekegard), 278 (Comm. in brief)  
position of uterus after, effect of bilateral excision of round ligaments on (Mahran), 495  
uterine contractile rhythm in, regularity of, quantitative study of (Effer et al.), 909  
Lactate levels, blood, in mother and fetus, some aspects of (Steele, Jackson, and Wolkoff), 569  
Lactation, clinical, biochemical, and experimental studies on. III. Biochemical changes induced in human milk by gestagens (Abdel Kader et al.), 978  
IV. Quantitative and qualitative changes induced in goat's milk by gestagens (Abdel Kader et al.), 1168  
II. Clinical effects on gestagens on lactation (Kamal et al.), 324  
I. Lactation patterns in Egyptian women (Kamal et al.), 314  
Lactic dehydrogenase, amniotic fluid, in Rh-sensitized pregnancy (Torriinha and Leite), 248  
isozyme index and breast cancer (Reeves et al.), 183  
Lactogen levels, placental, pituitary growth hormone and, measured in normal term pregnancy and at early postpartum periods (Spallacy and Buh), 888  
Laparoscope, removal of ectopic IUD through (Smith), 285 (Comm. in brief)  
Laparoscopy, pelvic, physiologic alterations during (Nelson), 1078  
Laparotomy, sterilization by tubal cauterization and transection at (Neuwirth and Cejas), 632 (Comm. in brief)  
Law, abortion, changing aspects of (Ingram), 35  
Lesion of cervix, adenocarcinoma-like—"pill-induced" problem? (Talbert and Sherry), 117  
Leukemia, acute, in pregnancy (Cooplund, Friesen, and Galbraith), 1288 (Comm. in brief)  
Leukocyte pattern, fetal, in premature rupture of amniotic membranes and in normal and abnormal labor (Dorros, Kleiner, and Romney), 1269  
LH measurement, FSH and, serum, in evaluation of menstrual disorders (Dignam, Parlow, and Daane), 679  
Ligaments, round, effect of bilateral excision on position of uterus after labor (Mahran), 495  
Ligation, tubal, as part of family planning in India (Lippit, Ranganathan, and Hulka), 434 (Current opinion)  
Lipoprotein lipase activity, plateau, adhesiveness and, in controls and subjects taking oral contraceptives (Ham and Rose), 628 (Current investigation)  
Lippes loops, two, perforation of puerperal uterus with (Van Praagh, Munsick, and Murdoch), 1286 (Comm. in brief)  
Liver, fetal, placenta, and maternal liver, RNA synthesis in, comparative *in vivo* studies of (Hayashi, Shin, and Wiand), 1261  
hormones and (Song et al.), 813 (Current developments)  
Lymphoid organs, thymus and, in immature female rats, effects of estradiol upon (Pereira Luz et al.), 525

### M

- "M," new intrauterine contraceptive device (Silbermann, Stone, and Connell), 279 (Comm. in brief)

- Magnesium, chemical pregnancy tests based upon presence of, evaluation of (Chung and Hreshchysyn), 990 (Comm. in brief)
- Malnutrition, antenatal: relationship to subsequent infant and child development (Osofsky), 1150 (Current developments)
- Marcaine for paracervical anesthesia during labor (Hoekegard), 278 (Comm. in brief)
- Maternity care of indigent in private practice (Johnson), 73
- Maturity fetal, and amniotic fluid analysis (Parmely and Miller), 354
- Mechanical distention, uterine growth effected by, observations on (De Clue and King), 517
- stimulation of uterus, artificial abortion at midpregnancy by (Manabe), 132 (Current developments)
- Membranes, amniotic, premature rupture of, fetal leukocyte pattern in, and in normal and abnormal labor (Dorros, Kleiner, and Romney), 1269
- premature rupture of, relationship of, to gastric fluid aspirate in newborn (Ramos and Stern), 1247
- Menstrual disorders, serum FSH and LH measurements in evaluation of (Dignam, Parlow, and Daane), 679
- function, pregnancy and, in narcotics addicts treated with methadone (Wallach, Jerez, and Blinick), 1226
- Menstruation, effect of D-amphetamine on (Stoffer et al.), 999 (Comm. in brief)
- and fertility in anorexia nervosa (Starkey and Lee), 374
- Meperidine, effect of, on uterine contractility (DeVoe et al.), 1004
- Metabolic acidosis, fetal, effect of, upon oxygen environment (Hellegers et al.), 786
- pathways of glucose in human placenta (Sakurai, Takagi, and Hosoya), 1044
- Metabolism, erythrocyte, in pregnancy complicated by idiopathic jaundice (Wójcicka, Roszkowski, and Leyko), 561
- estrogen, in patients at high risk for endometrial carcinoma (Hausknecht and Gusberg), 1161
- in vitro of dehydroxyprogesterone-7 $\alpha$ - $\beta$ H by human mid-term fetal tissue (Archer et al.), 972
- Metaplasia, sebaceous, of human cervix (Ehrmann), 1284 (Comm. in brief)
- Methadone, narcotics addicts treated with, pregnancy and menstrual function in (Wallach, Jerez, and Blinick), 1226
- Methylprednisolone, water-soluble, hydrocortisone and, oxytocic and modulating effects of, upon *in vitro* contractions of myometrium (Mossman and Conrad), 897
- Milk-ejecting and antidiuretic activities under neurohypophyseal inhibition with alcohol and water overload (Cobo and Quintero), 877
- human, biochemical changes induced in gestagens by (Abdel Kader et al.), 978
- Monoamniotic twins with common umbilical cord (Larson, Kempers, and Titus), 635 (Comm. in brief)
- Mortality, perinatal (Potter and Davis), 335
- associated with cesarean section (Kafka, Hibbard, and Spears), 589
- Muscle, smooth, in placenta (Babcock), 612
- Musculature, abdominal embryonic, associated with anomalies of genitourinary and gastrointestinal systems (O'Kell), 1283 (Comm. in brief)
- Myoma, symptomatic, in 13-year-old girl (Wisot, Neimand, and Rosenthal), 639 (Comm. in brief)
- Myometrial contractile protein, influence of chronic distension on (De Clue, Comfort, and King), 1082
- Myometrium, *in vitro* contractions of, oxytocic and modulating effects of water-soluble hydrocortisone and methylprednisolone upon (Mossman and Conrad), 897
- placenta, and amniotic fluid, plasminogen activator and urokinase inhibitor in (Uszyński and Uszyński-Folejewska), 1041
- Narcotics addicts, pregnancy in, treated by medical withdrawal (Blinick, Wallach, and Jerez), 997
- treated with methadone, pregnancy and menstrual function in (Wallach, Jerez, and Blinick), 1226
- Nausea, oxytocic and diuretic effects of, in women (Coutinho), 127 (Current opinion)
- Neoplasia, trophoblastic, incidence of, in Iraq (Ghali), 992 (Comm. in brief)
- malignant, pelvic arteriography in (Kolstad and Liverud), 175
- Neurohypophyseal inhibition with alcohol and water overload, milk-ejecting and antidiuretic activities under (Cobo and Quintero), 877
- Neuropsychological deficits in children of diabetic mothers (Churchill, Berendes, and Nemore), 257
- Nitrous oxide transfer from mother to fetus in sheep and goats (Blechner et al.), 368
- Nomographic aid for x-ray cephalopelvometry, modified (Friedman and Taylor), 1110
- Nucleus, paraventricular, electrical stimulation of, in pregnant cat (deMaria and Cheng), 1235
- Nurse-midwives, case for (Montgomery), 309
- O
- Obstetrics and gynecology, quality versus quantity in: right to be well born (Lock), 651
- undergraduate and graduate education, integration of (Benson et al.), 748
- high-risk. I. Perinatal outcome in relation to broadened obstetric care for patients at special risk (Aubry and Nesbitt), 241
- trends in metropolitan area, some significant (Thompson), 1215
- Occult fetal-maternal transfusion (Griffin), 993 (Comm. in brief)
- Oral contraceptive medications and headache (Diddle, Gardner, and Williamson), 507
- platelet adhesiveness and lipoprotein lipase activity in controls and subjects taking (Ham and Rose), 628 (Current investigation)
- progestogens for contraception in Indian women, evaluation of (Shah), 512
- Organ culture of human endometrium (Hughes et al.), 707
- lymphoid, thymus and, effect of estradiol upon, in immature female rats (Pereira Luz et al.), 525
- Ova in rat and rabbit oviducts, transport and cleavage (Ishihama and Miyai), 169
- Ovarian cancer, megavoltage irradiation for, bone marrow depression in pelvis after (Kjellgren and Jonsson), 849
- disease, polycystic, induction of, in rats by continuous light. IV. Effect of bovine pineal gland extract (Singh), 274 (Comm. in brief)
- V. Results of deciduoma test and cervical stimulations (Singh), 275 (Comm. in brief)
- VI. Some effects of autologous and homologous grafting of polycystic ovary (Singh), 276 (Comm. in brief)
- young women with misdiagnosis of endometrial adenocarcinoma in (Grattarola), 498
- Ovary, polycystic, some effects of autologous and homologous grafting of (Singh), 276 (Comm. in brief)
- Oviducts, rat and rabbit, transport and cleavage of ova in (Ishihama and Miyai), 169
- Ovulation (Harris), 659
- and reproduction, adenosine 3',5' monophosphate as inhibitor of (Ryan and Coronel), 121 (Current investigation)
- Oxygen administration during labor (Gare et al.), 954
- environment, effect of fetal metabolic acidosis upon (Hellegers et al.), 786

- Oxytocic and diuretic effects of nausea in women (Coutinho), 127 (Current opinion)  
and modulating effects of water-soluble hydrocortisone and methylprednisolone upon *in vitro* contractions of myometrium (Mossman and Conrad), 897  
Oxytocin-oxytocinase system, further studies on (Klimek, Drewniak, and Bieniasz), 427 (Current investigation)
- P**
- Pancreatitis, acute, in gynecologic and obstetric patients (Walker and Diddle), 206  
Panculoscope, fiber optic cannula for (Clyman), 281 (Comm. in brief)  
Papillary serous cystadenocarcinoma tissue homogenate and its fractions, antigenicity of (Levi, Keller, and Mandl), 856  
Paracervical anesthesia during labor, Marcaine for (Hoeckgard), 278 (Comm. in brief)  
Paraventricular nucleus, electrical stimulation of, in pregnant cat (deMaria and Cheng), 1235  
Patient-obtained cell collection for cytologic examination of vaginal smears (Kircuta and Munteanu), 286 (Comm. in brief)  
presentations: panel discussion, 32-35, 113-120  
Pediatric illegitimacy, some aspects of (Kinch et al.), 20  
Pelvic arteriography in malignant trophoblastic neoplasia (Kolstad and Liverud), 175  
inflammatory disease, acute, objectivized diagnosis of (Jacobson and Weström), 1088  
laparoscopy, physiologic alterations during (Alexander and Brown), 1078  
Pelvis, bone marrow depression in, after megavoltage irradiation for ovarian cancer (Kjellgren and Jonsson), 849  
Pentazocine and pethidine, comparison of, in normal labor (Duncan, Ginsburg, and Morris), 197  
Perinatal mortality (Potter and Davis), 335  
associated with cesarean section (Kafka, Hibbard, and Spears), 589  
Pethidine, pentazocine and, comparison of, in normal labor (Duncan, Ginsburg, and Morris), 197  
Phosphatase activity, alkaline and acid, uterine, in rhesus monkey treated with synthetic estrogens (Manning, Tornaben, and Schwartz), 412  
Phospholipid patterns, amniotic fluid, in normal and abnormal pregnancies (Nelson), 1072  
Pineal gland extract, bovine, effect of, on polycystic ovarian disease in rats (Singh), 274 (Comm. in brief)  
Pituitary growth hormone and placental lactogen levels measured in normal term pregnancy and at early postpartum period (Spellacy and Buhi), 888  
Placenta, fetal liver, and maternal liver, RNA synthesis in, comparative *in vivo* studies of (Hayashi, Shin, and Wiand), 1261  
human, metabolic pathways of glucose in (Sakurai, Takagi, and Hosoya), 1044  
normal and abnormal, free amino acids in (Pearse and Sornson), 696  
smooth muscle in (Babcock), 612  
vasodepressor substance of (Ryan, Coronel, and Johnson), 1201  
myometrium, and amniotic fluid, plasminogen activator and urokinase inhibitor in (Uszyński and Uszyński-Folejewska), 1041  
from normal pregnancies and pregnancies complicated by intrauterine fetal malnutrition, homogenates of, *in vitro* estrogen biosynthesis from testosterone by (Sybulski), 1055  
previa, Couvelaire uterus and (Kalstone), 638 (Comm. in brief)  
Placental abruption (Whalley, Scott, and Pritchard), 670

- Placental—Cont'd  
function, serum copper levels as measure of (O'Leary), 636 (Comm. in brief)  
lactogen levels, pituitary growth hormone and, measured in normal term pregnancy and at early postpartum period (Spellacy and Buhi), 888  
Plasma proteins, pregnancy-associated, in trophoblastic disease (Robinson et al.), 284 (Comm. in brief)  
Plasminogen activator and urokinase inhibitor in myometrium, placenta, and amniotic fluid (Uszyński and Uszyński-Folejewska), 1041  
Platelet adhesiveness and lipoprotein lipase activity in controls and subjects taking oral contraceptives (Ham and Rose), 628 (Current investigation)  
Polycystic ovarian disease, induction of, in rats by continuous light, IV. Effect of bovine pineal gland extract (Singh), 274 (Comm. in brief)  
V. Results of deciduoma test and cervical stimulations (Singh), 275 (Comm. in brief)  
VI. Some effects of autologous and homologous grafting of polycystic ovary (Singh), 276 (Comm. in brief)  
young women with, misdiagnosis of endometrial adenocarcinoma in (Grattarola), 498  
ovary, autologous and homologous grafting of, some effects of (Singh), 276 (Comm. in brief)  
Polyhydramnios, hyperuricemia, uremia, and antepartum thrombophlebitis complicated by (Williamson), 115  
Postanesthetic suggestion of postoperative voiding in gynecologic surgery, effect of (Bartolacci), 444 (Current opinion)  
Postmenopausal women, normal, and those with endometrial carcinoma, urinary metabolites of H<sub>2</sub>-estradiol in (Hausknecht and Gusberg), 1161  
Postoperative voiding, postanesthetic suggestion of, in gynecologic surgery, effect of (Bartolacci), 444 (Current opinion)  
Pregnancy, acute leukemia in (Cooplund, Friesen, and Galbraith), 1288 (Comm. in brief)  
in African indigene, nontoxic hypertension in (Ojo and Akinrugbe), 938  
-associated plasma proteins in trophoblastic disease (Robinson et al.), 284 (Comm. in brief)  
cervical, as possible sequela of induced abortion (Shinagawa and Nagayama), 282 (Comm. in brief)  
edematous states of, advantages and disadvantages of furosemide in (Finnerty), 1022  
effect of, on human aorta and relationship to dissecting aneurysm (Cavanzo and Taylor), 567  
erythrocyte metabolism in, complicated by idiopathic jaundice (Wójcicka, Roszkowski, and Leyko), 561  
following ureteroileostomy, successful (Asif and Uehling), 641 (Comm. in brief)  
high-risk, urinary estriol excretion and fetal acidosis in, correlation of (Fiegeyer et al.), 252  
hypertension in: toxemia or pheochromocytoma? (Hendee, Martin, and Waters), 64  
intravenous glucose tolerance in, effect of chlorothiazide on (Goldman et al.), 552  
late, effect of diuretic administration on urinary estriol levels, in (Bird and Reeves), 552  
and menstrual function in narcotics addicts treated with methadone (Wallach, Jerez, and Blinick), 1226  
in narcotics addicts treated by medical withdrawal (Blinick, Wallach, and Jerez), 997  
normal and abnormal, amniotic fluid phospholipid patterns in (Nelson), 1072  
serum copper levels in (Schenker, Jungreis, and Polishuk), 933  
term and early postpartum periods, pituitary growth hormone and placental lactogen levels measured in (Spellacy and Buhi), 888  
preclinical carcinoma of cervix and dysplasia associated with (Stromme), 1008

- Pregnancy—Cont'd  
 Rh-sensitized, amniotic fluid lactic dehydrogenase in (Torrinha and Leite), 248  
 in rhesus monkey, free amino acids in amniotic fluid in (Kerr and Kennan), 363  
 relationship between length of gestation and cervical dilatation, uterine contractility, and other factors during (Anderson and Turnbull), 1207  
 tests, chemical, based upon presence of magnesium, evaluation of (Chung and Hreshchysyn), 990 (Comm. in brief)  
 immunologic, effect of certain psychotropic drugs on (Ravel, Riekers, and Goldstein), 1222  
 tubal, pathogenesis of (Niles and Clark), 1230  
 wastage, maternal folate deficiency and. I. Placental abruption (Whalley, Scott, and Pritchard), 670
- Pregnant women, unilateral gonadoblastoma in (De Bacalso and Dominguez), 1279 (Comm. in brief)
- Premature rupture of membranes, relationship of, to gastric fluid aspirate in newborn (Ramos and Stern), 1247  
 of amniotic membranes, fetal leukocyte pattern in, and in normal and abnormal labor (Dorros, Kleiner, and Romney), 1269
- Prematurity, maternal heart volume and (Knapp, Shapiro, and Reading), 1252
- Prenatal care, community: integrated approach (Wallach and Blinick), 808 (Current opinion)
- Pressure, arterial, at term, maternal, trophoblast hyperplasia and (Alvarez et al.), 1015  
 vascular, altered, in castrated monkey, uterine contractility in (Whiteside and Brame), 418
- Progesterone, effect of, on hypertonic saline-induced abortion (Ruttner), 547  
 withdrawal during hypertonic saline-induced abortions (Csapo et al.), 1132 (Current investigation)
- Progestogens, oral, for contraception in Indian women (Shah), 512  
 released in microquantities from subcutaneous capsules, fertility control in women with (Croxatto et al.), 1133 (Current investigation)
- Prolapse of vagina following hysterectomy, treatment of (Richardson and Williams), 90
- Prophylactic antibiotics in vaginal hysterectomy (Goosenberg, Emich, and Schwarz), 503
- Protein, myometrial contractile, influence of chronic distension on (De Clue, Comfort, and King), 1082  
 plasma, pregnancy associated, in trophoblastic disease (Robinson et al.), 284 (Comm. in brief)  
 serum, glycoprotein and other, of maternal serum (Horowitz), 216
- Psychotropic drugs, certain, effects of, on immunologic pregnancy tests (Ravel, Riekers, and Goldstein), 1222
- Puerperal bacteriuria, catheterization, delivery, and (McFadyen and Hicks), 916  
 sepsis and shock, hemodynamic evaluation of patients with (Romney et al.), 797
- Puerperium, urinary steroid profile during (Acevedo et al.), 297
- R
- Radical hysterectomy as primary therapy for invasive carcinoma of cervix (Averette, LaPlatney, and Little), 79
- Radium treatment, effect of, on enzyme content of vaginal fluid in cervical cancer (Goldberg, Watts, and Hart), 1192
- Reproduction, ovulation and, adenosine 3',5' monophosphate an inhibitor of (Ryan and Coronel), 121 (Current investigation)
- Rh hemolytic disease in ABO-incompatible offspring (Cohen et al.), 232
- Rh-D antibody titer in amniotic fluid (Usategui-Gomez, Stearns, and Toolan), 1238
- Rh-sensitized pregnancy, amniotic fluid lactic dehydrogenase in (Torrinha and Leite), 248  
 Rhythm, uterine contractile, regularity of, in labor, quantitative study of (Effer et al.), 909
- RNA synthesis in fetal liver, placenta, and maternal liver, comparative *in vivo* studies (Hayashi, Shin, and Wiand), 1261
- Round ligaments, effect of bilateral excision of, on position of uterus after labor (Mahran), 495
- Rupture of membranes, premature, relationship of, to gastric fluid aspirate in newborn (Ramos and Stern), 1247  
 uterine, suturing of tear as treatment of (Sheth), 440 (Current opinion)
- S
- Saline flushing, continuous, modification for vacuum evacuation of uterus (Taylor), 986 (Comm. in brief)  
 injections, intra-amniotic hypertonic, experience with (Aburel's procedure) (Futoran, Lowenstein, and Peacock), 191
- Scalp blood measurements, fetal, and Apgar score, classification of fetal heart rate in relation to (Wood et al.), 942  
 sampling, validity of (Stephens et al.), 616
- Sebaceous metaplasia of human cervix (Ehrmann), 1284 (Comm. in brief)
- Sepsis, puerperal, and shock, hemodynamic evaluation of (Romney et al.), 797
- Serum copper levels as measure of placental function (O'Leary), 636 (Comm. in brief)  
 in normal and pathologic pregnancies (Schenker, Jungeis, and Polishuk), 933
- FSH and LH measurements in evaluation of menstrual disorders (Dignam, Parlow, and Daane), 697
- maternal glycoprotein and other serum proteins (Horowitz), 216
- proteins, glycoprotein and other, of maternal serum (Horowitz), 216
- Shock, puerperal, sepsis and, hemodynamic evaluation of patients with (Romney et al.), 797
- Sickle cell trait, lack of influence of, on fertility and successful pregnancy (Pearson and Vaughan), 203
- Sociomedical studies on 60,000 applicants for family planning (Ragab and Sammour), 156
- South Atlantic Association of Obstetricians and Gynecologists, is it fulfilling its responsibilities? (Lock), 1  
 transactions of thirty-first annual meeting, 1-120
- Sparteine sulfate, effect of, on uterine contractility (DeVoe et al.), 304
- Squamous cell carcinoma of uterine cervix, Stage IA (Foushee, Greis, and Lock), 46
- Stein-Leventhal syndrome, adenocarcinoma of endometrium associated with (Parham), 113
- Sterilization by tubal cauterization and transection at laparotomy (Neuwirth and Cejas), 632 (Comm. in brief)
- Steroid, urinary, profile during puerperium (Acevedo et al.), 297
- Stimulation, electrical, of paraventricular nucleus in pregnant cat (deMaria and Cheng), 1235
- Stromal endometriosis of uterine body and cervix (Whitener), 33
- Stump cancer, cervical (Mikuta), 490
- Suprapubic cystotomy with polyethylene tube (Hale and McColliston), 1181
- postoperative bladder drainage (Jackson), 59
- Surgical correction of vaginal agenesis (Page and Owsley), 774
- Suturing of tear as treatment in uterine rupture (Sheth), 440 (Current opinion)
- Syndrome, Asherman's, treatment of (Comninos and Zourlas), 862
- Stein-Leventhal, adenocarcinoma of endometrium associated with (Parham), 113

System, oxytocin-oxytocinase, further studies on (Klimek, Drewniak, and Bienasz), 427 (Current investigation)

T

"T" device, metallic copper as intrauterine contraceptive adjunct (Zipper et al.), 1274 (Current investigation)

Tear, suturing of, as treatment in uterine rupture (Sheth), 440 (Current opinion)

Testosterone, estrogen biosynthesis from, in vitro, by homogenates of placentas from pregnancies complicated by intrauterine fetal malnutrition and diabetes (Sybulski), 1055

Therapeutic abortion in California (Russell and Jackson), 757

Thrombophlebitis, antepartum, complicated by hyperuricemia, uremia, and polyhydramnios (Williams), 115

Thymus and lymphoid organs in immature female rats, effects of estradiol upon (Pereira Luz et al.), 525

Tissue, human midterm fetal, metabolism of dehydroxyprogesterone-7 $\alpha$ - $^3$ H by (Archer et al.), 972

Toxemia therapy, effect of, on uterine dynamics (Harbert, Cornell, and Thornton), 94

Transactions of ninety-second annual meeting of American Gynecological Society, 651-807

of thirty-first annual meeting of South Atlantic Association of Obstetricians and Gynecologists, 1-120

Transfer, nitrous oxide, from mother to fetus in sheep and goats (Blechner et al.), 368

Transfusions, intrauterine fetal (Wade et al.), 962

occult fetal-maternal (Griffin), 993 (Comm. in brief)

Trichomonas vaginalis infestations, carcinoma of uterine cervix and, association of (Berggren), 166

Trophoblastic disease, pregnancy-associated plasma proteins in (Robinson et al.), 284 (Comm. in brief)

hyperplasia and maternal arterial pressure at term (Alvarez et al.), 1015

neoplasia, incidence of, in Iraq (Ghali), 992 (Comm. in brief)

malignant pelvic arteriography in (Kolstad and Liverud), 175

Tubal cauterization and transection at laparotomy, sterilization by (Neuwirth and Cejas), 632 (Comm. in brief)

ligation as part of family planning in India (Lippitt, Ranganathan, and Huika), 434 (Current opinion)

pregnancy, pathogenesis of (Niles and Clark), 1230

Twins, monoamniotic, with common umbilical cord (Larson, Kempers, and Titus), 635 (Comm. in brief)

U

Umbilical cord, accessory fourth vessel of (Meyer, Lind, and Moinian), 1063

common monoamniotic twins with (Larson, Kempers, and Titus), 635 (Comm. in brief)

vessels, diameter of, and weight of cord in relation to clamping time (Moinian, Meyer, and Lind), 604

Umbilicus, adenocarcinoma of, secondary to Fallopian tube carcinoma (Couturier and Neale), 32

Unwed mother, young (Sarrel and Klerman), 575

Uremia, hyperuricemia, and polyhydramnios, antepartum thrombophlebitis complicated by (Williams), 115

Ureteroileostomy, successful pregnancy following (Asif and Uehling), 641 (Comm. in brief)

Ureteropathy, radiographic, before and after therapy for carcinoma of cervix uteri, prognostic significance of (Waggoner and Spratt), 1197

Urethral sphincter function, management of severe anatomic deficiencies of, by combined procedure with fascia lata sling (Low), 149

Urinary bladder in dog fetus, activity of (Bernstine), 431 (Current investigation)

D-glucaric acid (Fahim, Hall, and Fahim), 124 (Current investigation)

estriol excretion and fetal acidosis in high-risk pregnancies, correlation between (Fleigner et al.), 252

levels in late pregnancy, effect of diuretic administration on (Bird and Reeves), 552

metabolism of H<sub>2</sub>-estradiol in normal postmenopausal women with endometrial carcinoma (Hausknecht and Gusberg), 1161

steroid profile during puerperium (Acevedo et al.), 297

Urokinase inhibitor, plasminogen activator and, in myometrium, placenta, and amniotic fluid (Uszyński and Uszyński-Folejewska), 1041

Uterine adhesions (Asherman's syndrome), treatment of (Comminos and Zourlas), 862

alkaline and acid phosphatase activity in rhesus monkey treated with synthetic estrogen (Manning, Tornaben, and Schwartz), 412

bleeding, dysfunctional, current thoughts on (Pria, Audebert, and Greenblatt), 1185

blood flow, importance of changes in, in initiation of labor (Brotánek, Hendricks, and Yoshida), 535

cavity, size of, and IUCD clinical significance of correlation between (Tejuja and Malkani), 620 (Current investigation)

contractility during altered vascular pressure in castrated monkey (Whiteside and Brame), 418

effect of meperidine on (DeVoe et al.), 1004

sparteine sulfate on (DeVoe et al.), 304

rhythm in labor, regularity of, quantitative study of (Effer et al.), 909

dynamics, effect of toxemia therapy on (Harbert, Cornell, and Thornton), 94

growth effected by mechanical distention, observations on (De Clue and King), 517

rupture, suturing of tear as treatment of (Sheth), 440 (Current opinion)

Uteroplacental complex (Smith, Sclinger, and Stevenson), 1129 (Current investigation)

Uterus, Couvelaire, and placenta previa (Kalstone), 638 (Comm. in brief)

after labor, position of, effect of bilateral excision of round ligaments on (Mahran), 495

mechanical stimulation of, artificial abortion at midpregnancy by (Manabe), 132 (Current developments)

pregnant, free amino acids in (Lorincz and Kuttner), 925

puerperal, perforation of, with two Lippes loops (Van Praagh, Munsick, and Murdoch), 1286 (Comm. in brief)

vacuum evacuation of, modification of—continuous saline flushing (Taylor), 986 (Comm. in brief)

V

Vacuum evacuation of uterus, modification of—continuous saline flushing (Taylor), 986 (Comm. in brief)

Vagina, prolapse of, following hysterectomy, treatment of (Richardson and Williams), 90

Vaginal agenesis, surgical correction of (Page and Owsley), 774

fluid, enzyme content of, in cervical cancer, effect of radium treatment on (Goldberg, Watts, and Hart), 1192

hysterectomy, prophylactic antibiotics in (Goosenberg, Emich, and Schwarz), 503

and vaginectomy in personal retrospect (Johnson), 14

smears, cytologic examination of, patient-obtained collection for (Kiricuta and Munteanu), 286 (Comm. in brief)

Vaginectomy, vaginal hysterectomy and, in retrospect (Johnson), 14

Vascular pressure, altered, in castrated monkey, uterine contractility during (Whiteside and Brame), 418

Vasodepressor substance of human placenta (Ryan, Coronel, and Johnson), 1201  
Vessel, accessory fourth, of umbilical cord (Meyer, Lind, and Moinian), 1063  
umbilical cord, diameters of, and weight of cord in relation to clamping time (Moinian, Meyer, and Lind), 604  
Virologic origin, birth defects of, transmissible, in members of nursing profession (Haldane et al.), 1032
